## Federal Grants Workshop

*Hosted by*

*U.S. Congressman Tim Walz*

April , 2010

<http://www.walz.house.gov/>

We Need Help!

We are a non-profit and we are looking to start a child care center.

We are a small community and we need a new water system

We are a small business in need of a loan

We are a local government in search of funding for a juvenile mentoring program

# Who's Eligible?

**Urban Problems and Community Development**

**Most Federal funding is for organizations and State and local communities, not individuals**

# What are the Steps?

Gather Information on  
Available funding from  
U. S. Government and  
Private Foundations

Where Do I Look?

**Alert:** The Grants.gov AT07 environment will be unavailable from Saturday May 1, 12:00 AM ET to Sunday, May 2, 2010 11:59 PM ET in order to enhance and improve our testing environment. As a precautionary measure, the Grants.gov Production environment will be unavailable on Saturday May 1, from 12:00 AM - 8:00 AM ET. We apologize for this inconvenience.

## ALL ABOUT GRANTS

The information provided below are resources from Grants.gov, related associations and grantors. Check back frequently for a listing of new webinars, both live and recorded, and events to help you with issues related to grants.

[Am I eligible for a grant?](#) - Before you attempt to secure a grant opportunity, make sure that you are eligible to apply for grants on Grants.gov.

### TIP OF THE MONTH FOR JUNE:

Grant fraud is an ever emerging issue, and there are a lot of people trying to cash in on the lack of knowledge about federal grants. We have all seen them; late night infomercials, websites, and reference guides, advertising "millions in free money" Don't believe the hype! Although there are many grants on Grants.gov, few of them are available to individuals and none of them are available for personal financial assistance. To find an alphabetical listing of federal personal assistance visit USA.gov website's [Government Benefits, Grants, and Financial Aid](#) page. There are many groups of organizations that are eligible to apply for government grants. Typically, most grantee organizations fall into the categories listed on the [Eligibility](#) page. Find out if you are eligible to apply for grants on Grants.gov, watch this helpful animated [eligibility tutorial](#). If you are eligible and would like to apply for a federal grant, you must be registered with Grants.gov. Visit the [Get Registered](#) page, to begin the registration process.

## APPLY FOR GRANTS

**\*IMPORTANT NOTICE:** [All applicants please read immediately](#)

Provided below is an overview of the process to apply for grant opportunities. In order to apply for a grant, you and/or your organization must complete the Grants.gov registration process. Registration can take between three-five business days or as long as two weeks if all steps are not completed in a timely manner. Register for grant opportunities now.

[Click here to "Get Registered".](#)

Step  
1

### [Download a Grant Application Package](#)

Downloading a grant application package allows you to complete it offline and route it through your organization for review before submitting.

[Click here](#) to verify if your Adobe software version is compatible with Grants.gov.

Instructions on how to open and use the forms in the package are on the application package cover sheet. Agency specific instructions are available for download when you download your application package, which will include required information for your submission.

Step  
2

### [Complete the Grant Application Package Step](#)

Now that you have downloaded an application package, complete the grant application offline. Save changes to your application as you go, Grants.gov does NOT automatically save changes. The package cannot be submitted until all required fields have been completed.

[View a narrated tutorial on how to complete a grant application package using Adobe.](#) If you're having problems completing the package, [view our Frequently Asked Questions.](#)

### Step 3

## Submit the Completed Grant Application Package

If you are not already connected to the Internet, you will be directed to do so and will need to login to Grants.gov using your username and password.

### Submitting a Grant Application with Adobe Reader:

After you have entered all the necessary information, checked the package for errors and saved your package; click the "Save & Submit" button on the cover page, your application package will automatically be uploaded to Grants.gov.

A confirmation screen will appear once the submission is complete. A Grants.gov tracking number will be provided at the bottom of this screen, as well as the official date and time of the submission. Record the tracking number so that you may refer to it should you need to [contact us](#) for support.

*If you're having problems completing the package, view our [Frequently Asked Questions](#).*

### Step 4

## Track the Status of a Submitted Grant Application Package

Once your application has been submitted, you can check the status on the [Track My Application](#) page.

You can identify your application by:

- CFDA Number
- Funding Opportunity Number
- Competition ID
- Grants.gov Tracking Number

See ["What to Expect After Submitting"](#)  for more information.

## Walz Praises Recovery Act Grant and Loan to Expand Rural Broadband in SW Minnesota

Says the \$12 million will help revitalize local economy and give businesses an advantage

Mankato, MN – Today, Congressman Walz announced that the Southwest Minnesota Broadband Group (SWMBG) will receive a \$6.4 million loan and a \$6.4 million grant to expand high speed internet to southwest Minnesota.

"Investing in expanded communications capabilities, like high-speed Internet and cable television, is critical to the economic vitality of our rural communities," said Walz. "This wonderful news today means jobs for construction and a boost to businesses who can use this technology to become more innovative and efficient right here in southern Minnesota."

This project was one of 11 throughout the country announced today. The funding was made available by the American Recovery and Reinvestment Act.

This funding, along with an \$88,000 private investment, will provide high-speed Internet, voice, and cable television to the participating communities. This will improve the quality of life by increasing the availability of health, education, and public safety services across the region.

**Walz Requests District Projects After Unprecedented Transparency in Earmark Process**

Following an unprecedented process of transparency and accountability, Rep. Walz recently announced the list of local requests he will forward to the House Appropriations Committee.

This year, Rep. Walz involved southern Minnesotans in the process by hosting a virtual hearing on his website that allowed constituents to play a pivotal role in deciding which projects he would request. Over 1,000 southern Minnesotans participated in this unique process.

"I want to thank folks for taking the time out of their day to provide me with their thoughtful, well-informed insight into the local needs of southern Minnesota," said Walz. "Their input was critical to my final decisions and they played an important role in helping me identify projects that are good for the local economy

## Economy

We are in the midst of an economic crisis, the likes of which few of us have ever seen. When the Obama administration and the 111th Congress came into office, we inherited an economy in steep decline, a budget in record deficit and faltering public services due to persistent under-funding and neglect.

In Congress, we are acting aggressively to respond to that crisis. We face an incredibly difficult challenge. We have to get people back to work and get the economy back on track, while beginning the transformation of our economy so it emerges stronger than ever, and we need to do it in a way that gets us on a path back to fiscal discipline and a balanced budget.

### The American Recovery and Reinvestment Act:

- The Recovery Act, that we passed in February 2009, has put people back to work, gets money into their hands quickly so they can spend it back into the economy and invests in key priorities like education and infrastructure. The tax cut for 95% of working Americans is already making its way into people's pockets as less is taxed out of their paychecks. And money is being allocated to southern Minnesota for transportation projects, for school districts, and for important public services such as law enforcement. This money has already created thousands of jobs and contributed to the quality of life of every Minnesotan.
- The Recovery Act also puts in place unprecedented transparency and accountability measures so that you can track how all the funds in the bill are being spent and by whom. All you have to do is go to [recovery.gov](http://recovery.gov), and you will be able to follow exactly how recovery funds are being spent. I believe that this oversight will help keep state and local governments and federal agencies careful and disciplined so that they will use this influx of funding to target smart investments that create and save jobs. To find projects in your community, please [click here](#).
- The Recovery Act was the first major step in our response to the current economic crisis, but I believe there is still work to be done to put us on the path to economic prosperity.

### Other economic initiatives:

A member of the House Agriculture Committee, I have participated in important hearings on the role of credit derivatives in the financial crisis and how the problems they produced might be avoided in the future.

In the 110th Congress, I voted against the Wall Street bailout, because I believed it wasn't a good deal for taxpayers and I was not convinced it would effectively solve our financial crisis, or help individuals and small businesses gain access to credit.

In the 110th Congress, I introduced the Middle Class Tax Fairness Act, which will double the standard deduction for all taxpayers for 2008 and 2009, providing an average tax cut of \$750 to 61 million Americans. This legislation also expands eligibility for the Child Tax Credit and provides a new standard deduction for taxpayers who pay property taxes

## Appropriations

Through the annual appropriations process, many Members of Congress request funding for specific projects in their home districts. These funding requests do not add funds to the federal budget, but set aside funds for a specific project that would otherwise be allocated to—and spent by—federal bureaucrats.

This year, Congressman Walz hosted a virtual hearing on his website where southern Minnesotans could comment on the applications he received before deciding which ones he would forward on to the Appropriations Committee. This was a unique and unprecedented way to give southern Minnesotans a say in the way their taxpayer dollars are spent. This year, the Appropriations Committee also followed Congressman Walz's lead and declined to accept requests from for-profit corporations.

As in previous years, Members of Congress were required to submit a formal statement to certify that neither they nor their family members had a financial interest in the projects they requested. Additionally, every project receiving funding clearly identified the Member of Congress who requested it.

In addition to these rules and in order to be as open and transparent as possible, Congressman Walz had previously took the additional, highly unusual step of publicly releasing a list of the projects for which he requested federal funds. In previous years, Congressman Walz was the only member of the Minnesota Congressional delegation and one of the few Members of Congress to take this step. Last year, following Congressman Walz's lead, the Congress required this step of all Members of Congress. Congressman Walz was proud that the full Congress followed his unprecedented level of openness and transparency.

Congressman Walz requested for the following projects because they will create jobs and have a transformative impact on southern Minnesota. These projects were submitted to him by state and local officials in Minnesota, as well as community and non-profit organization.

## Welcome to MN Grants!

This website provides a single entry point to State of Minnesota competitive grant opportunities.

Grant seekers can search for grant opportunities by state agency or by subject area by following the appropriate link. Site visitors are encouraged to read grant announcements carefully as some state grant opportunities are only open to certain types of organizations, such as local units of government.

Grant seekers are encouraged to return to this site often, as grant opportunities are constantly changing.

Questions about applying for a specific grant program should be directed to the granting state agency. Other questions or concerns about state grants, including the appropriate use of state grant funds, should be directed to the Office of Grants Management at 651-201-2525 or at [Kristin.Batson@state.mn.us](mailto:Kristin.Batson@state.mn.us).
